401 Create has incorporated open spaces for music and dancing, dedicated art tables, interactive technology, a full kitchen for cooking and moveable lounge furniture that invites people to just hang out.

AN INVITING ATMOSPHERE

401 Create was designed to bring people together to share their time and talents. Volunteers are encouraged to host creative sessions or workshops, or just to help out with fun events such as bingo or trivia. You can come up with your own ideas, or 401 Create can help you or your group brainstorm ways to get involved! Volunteers can be individuals, businesses, organizations, churches, sports teams, youth groups, clubs or just friends and families that want to be part of something special.

“Helping people express their creativity is such a blessing. You will leave here with a smile on your face and a sense of fulfillment in your heart.”
